

# NEURAL THERAPY TRAINING PROGRAM

**LAUNCHING FALL 2025 IN NEW YORK!  
WITH DR. MICHAEL I. GUREVICH, MD  
HOLISTICMD | LONG ISLAND, NY**

*First comprehensive, hands-on, two-year Neural Therapy (NT) training program in the U.S*

## **Initial Seminar Dates:**

**October 11–12, 2025 | December 6–7, 2025 | February 28–March 1, 2026 | May 2–3, 2026**

## **What is Neural Therapy (NT)?**

A time-tested method using local anesthetic injections to regulate the autonomic nervous system, often resolving: chronic pain, functional disorders, and unresolved trauma.

Widely practiced in Europe & South America for nearly a century—now gaining momentum in North America!

## **Program Highlights:**

- ✓ 4 Hands-on weekend workshops per year
- ✓ Monthly online integration seminars
- ✓ Educational assignments between modules
- ✓ Optional supervised practice days
- ✓ Small-group mentorship with seasoned NT experts

You will also learn:

- Minor & major auto-hemolytic therapy (MiAH & MAH)
- Ozone therapy & procaine IV administration
- Homeopathic bee venom injections
- Emotional applications of NT in psychiatry
- Applied kinesiology & advanced palpations

## **Tuition:**

**Two-Day Seminar: \$1,550 | Early Registration (by Sept 1, 2025): \$1,250**

**Optional Monday Practice Day: \$200**

**Designed for physicians and licensed healthcare providers seeking to expand their therapeutic skill set. Space is limited! Individualized training guaranteed.**
